Dear Sir,

With reference to the above cited subject, it is to informed you that, 1 Gbps Internet lease line is obtained through NKN project to our University. In this regards, it is informed you that, the following are the major problems that our University are facing:

1. Internet connectivity is not working up to the mark. Many times connectivity gets down and sometime down time is more than 5 to 6 hours in a day.
2. Sometimes connectivity is up, but we are not getting required bandwidth. This problem may arises due to shifting of University's 1 Gbps circuit to alternative low bandwidth circuit.
3. At present BSNL is using our University fiber cable for last miles connectivity (i.e. from University BSNL Telephone Exchange to Our University Router). Hence, you are requested to lay your own fiber to provide connectivity. Otherwise BSNL has to pay rent for use of University fiber.

This University accorded Affiliating University status. Hence several professional colleges are getting affiliated. The University adopted e-Governance policies to rule the affiliating institutes through regional centers and 5 sub-centers. Hence, the University requires uninterrupted fast and fault tolerance Internet connectivity.

It is, therefore, requested to look into this matter at the earliest and provide uninterrupted bandwidth henceforth.

Kindly acknowledge the receipt of this letter and do the needful at the earliest.
