Annual Report

Dr. Babasaheb Ambedkar Technological University Alumni Association (DBAA) (University Departments)

This document will be marked as DRAFT until the financial summary is approved during the AGM

The alumni association is formed by all genders from various batches, faculties, professions, geographies, and ideologies. We have come together to further develop ourselves as human beings who come and work with our fellow alumni students who are either getting ready to face a changing professional world or are already shaping their world uniquely. We strive to develop and give back to our society with our collective experiences and knowledge through professional connections, career advice, knowledge outreaches, and personal touch to relive our beautiful years at the university.

As a not-for-profit association, we formed an Association as Alumni of DBATU from across the world, professions, disciplines, career levels, industries for-profit and not-for-profit, civil and armed forces, Government and non-Government agencies. Our composition ranges from the first batch of 1993 to the most recent graduates. We formed and formally registered this association with due recognition from the Honourable University Vice-Chancellor and the esteemed faculty from across the disciplines at University. The current Executive Committee Team comprises members from all Engineering Streams across the past years.

The Annual Report lists the ongoing activities of the alumni association up until the month of December of 2022 however the Financial records are kept in sync with the financial year ending March 2022.
