Report on Faculty Development Programme

Course Title: Characterization of Nano-Materials and Applications

Duration: 22nd to 26th May 2023

Organizer: NITTTR Chandigarh/DBATU Remote Centre

Venue: University Conference Hall, DBATU Lonere

An invitation was received from National Institute of Technical Teachers Training & Research, Chandigarh to Dr. Vishal Y. Bhise, to set-up a remote centre at Dr. Babasaheb Ambedkar Technological University, Lonere and host one week FDP on "Characterization of Nano-Materials and Applications". The Invitation was accepted to set-up the remote centre of NITTTR Chandigarh at DBATU Lonere campus. Accordingly, all formalities to host the FDP were done by the University and Department of Mechanical Engineering. Faculty members Dr. Bhagwan F. Jogi, Professor and Dr. Vishal Y. Bhise, Assistant Professor of Mechanical Engineering were approved as Coordinator and Co-coordinator respectively, under the leadership & guidance of Dr. Neeraj Agrawal, Head of Mechanical Engineering, Dr. S. L. Nalbalwar, Dean, Academics and Professor Dr. K. V. Kale, Hon'ble Vice Chancellor of the University.

A wide publicity to join for the FDP was done within University departments of main campus as well as affiliating institutes across the state of Maharashtra. In a short duration of time a very high response was received and total Sixty Five (65) faculty members/research scholars were registered for the said course, conducted at remote centre Dr. Babasaheb Ambedkar Technological University, Lonere.

The NITTTR Chandigarh designed this course with an aim to train faculty members, scientists, and industrial personnel on various aspects of Characterization of Nano-Materials and Applications. The fundamental principles guiding the advances in these areas were presented. The course was arranged in a series of informative expert lectures on characterization of nano-materials and applications such as; Introduction to characterization of nano-materials and applications, scanning probe microscopy, nanomaterials basics and thin film phenomena, synthesis and characterization of nano-materials for environmental applications, nanomaterials for drug delivery applications, nanomaterials for antibacterial and

tissue engineering applications, X-ray photoelectron spectroscopic characterization of nanomaterials, characterization of engineering materials used for critical applications, design of nanoplasmonics sensors for chemical and bio-chemical applications, semiconductor nanomaterials, epitaxial graphene on SiC: characterization and optoelectronic applications, magnetic characterization of the nano-materials, electrochemical characterization of nanomaterials, discussion on scientific manuscript writing and response to reviewers/editors, etc. Besides, at the end of every day a mandatory quiz/test/feedback and discussion sessions were arranged for all participants as per the timetable.

The NITTTR had offered DBATU remote centre to organize the valedictory programme. Therefore, senior University officials Dr. S. M. Pore, Dean R&D, Dr. Neeraj Agrawal, Head, Mechanical Engineering and senior faculty member Dr. R. S. Pawade were invited to provide their valuable guidance to all participants of remote centres across India. Participants from different remote centres were also given opportunity to express their views and feedback. The program was concluded with vote of thanks given by co-coordinator Dr. Vishal Bhise. The NITTTR provided the course completion certificates to all eligible participants after successful completion of one week FDP.

Report on workshop

Title of the Workshop: Capital Market Awareness

Coordinators: Dr. S. M. Jadhav and Dr. V.J. Kadam

Speaker/ Expert: Prof (Dr) Raman Ballabh, RP IICA & CDSL (Ministry Of Corporate Affairs)

Session 1: Prof (Dr) Raman Ballabh

- Date and Time: October 6, 2022 | 11:30 AM to 12:45 PM
- Platform: Google Meet
- Webinar Link: meet.google.com/vve-woab-zyj

Key Highlights:

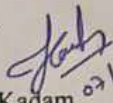

- The session began with a warm welcome from Prof (Dr) Raman Ballabh, Resource Person – IICA Ministry of Corporate Affairs (Govt of India) & CDSL.
- Participants were provided with valuable insights into the intricacies of the capital market, guided by the Investor Education & Protection Fund of India (Govt of India).
- Technical support was extended by CDSL, and the event was organized in collaboration with Dr. Babasaheb Ambedkar Technological University, Mumbai.
- The webinar aimed at spreading financial literacy, following the slogan 'An informed investor is a safe investor.'

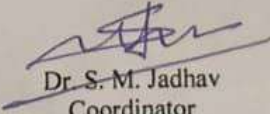

Session 2: Prof (Dr) Raman Ballabh

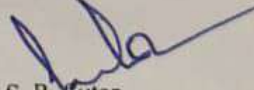

- Date and Time: October 6, 2022 02:30 PM to 05:30 PM
- Platform: Google Meet

Key Takeaways:

- The workshop, organized as part of the "World Investors Week," focused on financial planning, investment principles, and various tools available in the capital market.
- Participants gained insights into topics such as share markets, demat accounts, trading accounts, primary and secondary markets, depository, RTA, and other facets of the capital market industry.
- The event, offered free of cost as a government initiative, aimed at education empowerment and awareness.
