Subject: Process Dynamics & Control

Dear Colleague,

I am happy to convey to you that the task of feedback analysis for the academic year 2019-20 has been completed. I am sure you will appreciate the feedback given by the students. The feedback given by the students is a guiding tool for every teacher to improve upon shortfalls and has nothing to do with awards/penalties. Of course, if the performance of all teachers of a particular Department is very good then it is good for the department. The overall performance of the department will go up by such good work.

The student feedback analysis pertaining to your performance is given below:

Sr.No.	Attributes	Points/Rating
1	Communication Skills	9.13
2	Interest generated by the teacher	9.13
3	Ability to integrate course contents with practical applications	9.13
4	Ability to emphasize usefulness to other courses	9.08
5	Accessibility of the teacher in and out of the class	8.95
6	Ability to design quizzes/examinations/assignments/projects to test the understanding of the course	9.00

Feedback Analysis of Faculty for academic year 2022-23**

Name of Faculty: Prof. Suhas Salunke

Semester: II

Subject: Engineering Chemistry Lab

Dear Colleague,

I am happy to convey to you that the task of feedback analysis for the academic year 2021-22 has been completed. I am sure you will appreciate the feedback given by the students. The feedback given by the students is a guiding tool for every teacher to improve upon shortfalls and has nothing to do with awards/penalties. Of course, if the performance of all teachers of a particular Department is very good then it is good for the department. The overall performance of the department will go up by such good work.

The student feedback analysis pertaining to your performance is given below:

Sr. No.	Attributes	Points/Rating
1	Communication Skills	7.92
2	Interest generated by the teacher	7.23
3	Ability to integrate course contents with practical applications	7.89
